Proclamation

By A. P. K. Safford, Governor of the Territory of Arizona, respecting the organization of Militia Companies —

To all whom it may concern — —

Whereas, Chapter 21, Section 6, of the Howell Code provides that "the Commander-in-Chief" may receive into the service of the Territory so many Volunteer Companies as he shall deem expedient: and he shall have power to consolidate one or more companies, or disband the same, whenever, in his opinion, such action shall be necessary"

Section 7, of same Chapter, also provides that, "whenever thirty or more men shall associate together for the purpose of forming a ~~company~~ volunteer company, they shall apply to the Commander-in-Chief, either directly or through the Adjutant-General, to be organized as such: and on receiving such application the Commander-in-Chief may organize such company and commission the officers for the same" —

And, Whereas, There is now on hand, belonging to the Territory of Arizona, 224 Remodeled Breech-loading Springfield Rifles, and 112,000 rounds of Metallic Cartridges: — — — —

And, Whereas, It is desirable that the militia force of the Territory be organized as speedily as possible: that said arms may be issued and distrib-

ted, and, also, that an effective militia force may be formed, to oppose more effectually the encroachments of the common enemy: now, therefore, I, A. P. K. Safford, Governor of Arizona, and Commander-in-Chief of the militia of the Territory, hereby request the able-bodied men of the Territory, subject to military duty, to organize military companies as soon as possible, under the laws of the Territory. Whenever such companies are properly organized, arms will be issued to them upon the requisitions of the Captains of the Companies — Each application must be accompanied with a good and sufficient bond to the Territory of Arizona, of an amount equal to the value of the arms required, — each gun being valued at forty dollars —

There being but a limited supply of arms on hand, it is desirable that the most exposed portions of the Territory shall have a fair proportion. — I therefore request that not less than thirty, nor more than fifty men organize in one company — — —

By A. P. K. Safford, Governor of Arizona, Recommending a day of Thanksgiving —

The President of the United States having designated Thursday, the 18th day of November A. D. 1869 as a day of Thanksgiving and praise to God —

Now therefore, I, A. P. K. Safford, Governor of the Territory of Arizona, do hereby recommend that the day designated by the President of the United States be strictly and humbly observed as a day of Thanksgiving and praise to Almighty God —

Although our people have been sorely scourged and afflicted during the past year, and many of our bravest and best citizens have fallen beneath the scalp-

1869 ing knife and tomahawk of our savage foe, and death and desolation has been brought to many happy homes.
Yet it must be remembered that "Whom the Lord loveth He chasteneth": besides, we have much to be thankful for.— We are permitted to occupy a country rich in resources, with a climate mild and genial as any on the face of the globe.— An abundant harvest has been secured to the labor of the husbandman. the hardy miner has been encouraged by many valuable discoveries, and general health has prevailed throughout the Territory

The Governor this day issued the following Proclamation:

To all whom it may concern:

Whereas, the constant depredations of the Apache Indians, and their uniform success in murder and pillage, require courage and sacrifices by all our citizens, or the Territory will continue to be overrun, our fair fields desolated and our people driven out or exterminated; our lives and property and the safety of our homes and families depend to a great extent upon our own exertions. If we help ourselves, ~~the Government will~~, the Government will be stimulated to more effectually help us. I know we have already lost many of our Bravest and best; I also know that our people have been impoverished by constant robbery, and few can ever ill-afford to make additional sacrifices; but on the other hand, if we continue to struggle and fight on in Common, we may hope to soon witness the complete subjugation of our relentless foe, and thereafter possess in peace a Territory unsurpassed in leading resources and salubrity of climate; and

Whereas, moved by these positive convictions, on the 31st day of August 1869, I addressed a communication to Major-General Geo. H. Thomas, then Commanding the Military Division of the Pacific, requesting rations, arms and ammunition for three Companies of citizen volunteers, which communication was referred to the General of the U.S. Army, at Washington, and in reply the following circular was issued;

"Headquarters Department of California,
San Francisco, November 3, 1869

Circular No. 20

In answer to application to the General Commanding the Army for authority to furnish arms, ammunition and rations to three Companies of volunteers serving against the Indians in Arizona, the following reply is received;

× × × × × × × × × × × ×

Whenever the commanding officer of an organized body of troops, in Arizona, is moving against hostile Indians, there is no objection to his taking along such citizens as obey his orders and assist him with their arms, (horses)

weapons and own rations, pursue wherever the enemy

This is the best way for the people to aid the military.

Your obedient servant.

E. D. Townsend

(Signed) Adjutant General."

Whenever armed citizens choose to join a command moving against hostile Indians, they will be furnished with rations, and if necessary, with ammunition, but nothing more.

By order of Major-General Thomas.

Assistant adjutant General.

A. A. A. G.

And whereas, The military forces within the Territory is inadequate to carry on an aggressively destructive warfare against the Apaches, or to insure protection to life and property even in the most populous settlements;

Now Therefore, The Government of the United States having furnished, for the use of our citizens, seven hundred and forty-four improved breech-loading guns with ample ammunition, I, A. P. K. Safford, Governor of the Territory of Arizona ~~Territory~~, and Commander-in-Chief of the Militia thereof, call upon every able-bodied man, subject to military duty within the Territory, to immediately aid in organizing the militia in accordance with law and the recommendations of my proclamation of October 18, 1869, in order that the arms may be distributed and the militia force prepared for active service in the field, and for co-operation with the regular troops.

Sir

I desire to call your attention to the accompanying Correspondence between Governor Pesqueira of Sonora and myself; also the Report of my Agent Lieut. Towler — Since the organization of the Territory Murders and Robberies have been frequently perpetrated near the line by Mexican Subjects, who invariably escape to Sonora, I have offered Rewards and made many exertions to apprehend these Criminals for outrages Committed on our Soil but without Success

The Murders referred to in the Correspondence were Committed by three well Known Mexican Subjects, on the 24 day of December 1870. Three men Connected with the Station were Killed; and Mrs Reidt the Wife of one of them, was severely wounded, One of the Assassins was about to cut her throat but through the entreaties of an old Mexican her life was Spared. After Committing the Murders the Assassins Robbed the premises of all movable property and made their escape to Sonora.

From the accompanying Correspondence You will be informed of my action in the premises, and of the decision of the Authorities of Sonora. I fear this decision will be an incentive to the numerous bands of Outlaws, who infest that Country, to increase their Criminal depredations on our Soil.

Our being prohibited from following them with armed force beyond the limits of the Territory, and the refusal on the part of the Government of Sonora to surrender these Criminals, and having in no instance punished them, will I fear produce such a Condition of affairs as will render it impossible for our people to live near the frontier.

This Correspondence is transmitted to You with the hope that our Government may be able to do something either by influence or power to cause a Cessation of these frequent Crimes.

I have the honor to be very respectfully

Proclamation by the Governor

Whereas: I am informed as I am departing for the Pinal Mountains with a large force for the purpose of exploring the agricultural and mineral resources of that region, that a Commission has been ordered by the President of the United States to examine into the Indian affairs of the Territory with the view, if possible, of securing a peaceful solution of the question, and my absence may continue until after the arrival of said Commission

And Whereas:- The object most desired by the people of this Territory is the cessation of Indian hostilities, and the means that will most speedily accomplish this result will be hailed with joy by every inhabitant.

Now therefore, I, A. P. K. Safford, Governor of Arizona, call upon all the officers and citizens of the Territory to receive said Commissioners with kindness and hospitality; to give them all the aid and information upon the subject before referred to within your power and knowledge.
